**Consolidated revenues in a range between Euro 20.0 million and 21.0 million
(Euro 28.2 million as of June 30, 2024)**

Turin (Italy), 30 July 2025 – **Compagnia dei Caraibi S.p.A.** (ticker TIME) (“**Compagnia dei Caraibi**” or the “**Company**”) - a leading company in the import, development, brand building, and distribution of premium and over-premium spirits, wines, soft drinks from around the world, as well as Italian craft beers – announces that the Board of Directors, which met today, has reviewed certain consolidated management data as of June 30, 2025, which are not subject to statutory audit.

Consolidated revenues as of June 30, 2025, are expected to be in a range between Euro 20.0 million and Euro 21.0 million, representing a decrease between 29.1% and 25.5% compared to June 30, 2024 (Euro 28.2 million).

Edelberto Baracco, CEO of Compagnia dei Caraibi, commented:

“The results for the first half of 2025 show a decline in revenues primarily attributable to the previously announced exit of two spirits brands from our portfolio. Net of this effect, the rest of the portfolio demonstrated solid demand despite a challenging market environment and consumer spending propensity that remains subdued. During the half-year we also completed the reorganization of our corporate structure and took a further step forward in the development of the Dispensa project, which not only confirms our commitment to building a solid foundation for the Company’s future, but also serves as a laboratory for experimentation and growth for the Group.”
